

To the Aboriginal and Torres Strait Islander supporters of the Uluru Statement From The Heart:

Thank you for the Uluru Statement From The Heart.

We recognise the Uluru Statement as a historic mandate for *substantive constitutional change and structural reform*.

We hear and support your call for the *establishment of a First Nations Voice enshrined in the Constitution* and for a referendum to achieve this as a national priority.

We hear and support your call for a *Makarrata Commission to supervise a process of agreement-making between governments and First Nations, and truth-telling about our history*.

We share your vision that these reforms will *empower your people to take a rightful place in your own country*.

In embracing this vision, we look forward to achieving *a fuller expression of Australia's nationhood*.

We accept your profoundly generous invitation with open hearts.

We encourage others to join us as we walk side-by-side with you *in a movement of the Australian people for a better future*.
